

## Resist Terrorism

We condemn the wahabi Islamist terrorist attacks on common people by isis, aq, Taliban, Boko Haram, jmb, lit, hm et al in Iraq, Syria, Turkey, Yemen, Lebanon, Afghanistan, Pakistan, Bangladesh, India, France, Belgium, UK, USA, Kenya, Nigeria, Libya, Tunisia, Azerbaijan, China, Russia and elsewhere. These outfits were created by Saudi Arabia and its allies for pandemicization of its barbaric brand of anti-human and anti-civilization doctrines with the strength of petro dollar, poisonous faith and killing spree. Almost in all cases they were directly or tacitly nurtured by the US imperialism and its allies to suppress progressive movements and progressive governments. After destroying and grabbing Iraq, Saudi – US combine created ISIS to destroy Syria to pressurize Iran and Shia groups in Middle East. For common interest Erdogan's Turkey and Israel supported it. Now the Frankenstein breathes and they have started 'limited bombardment' – same script in Iraq, Afghanistan, Libya, Syria .....

We also condemn the drone and air raid on common people; forceful occupation of sovereign countries and states and economic blockade in Middle East and other parts of Asia, Africa, Latin America and East and Balkan Europe by US - NATO - Israel militarist - imperialist powers as well as positional hegemony and domination by Russia and China on its neighbours. These are the major external factors of genesis of religious terrorism along with internal crises including poor economy, low level of education, unemployment, population boom and ill governance.

The recent incidence of Dhaka is the aftermath of long time rearing and appeasing of Islamist terrorist forces by both BNP and Awami League. In West Bengal we are also sitting over a boiling cauldron where both TMC and CPM played the same role of BNP and Awami League. And BJP is playing communal card only for polarization of Hindu votes. Long stretches of both sides of the lengthy and porous Bangla border is a liberated zone for human and animal traffickers, smugglers, fake currency suppliers, criminals and Islamist terrorists. From childhood children of poor peasant families are taken to the terror schools in lieu of food, money and promise of 'heavenly abode'. Venom of Osama Bin Laden and others are openly played in loud speakers in villages of rural West Bengal and in urban ghettos. Communal riots in Basirhat, Canning, Baishnabnagar etc. were hushed up by both LF and TMC governments, Taslima was ousted by CPM with the help of Idris Ali and his goons, rioters were given berth in Parliament and Ministries. ....

Basically these mercenaries are coward and weak parasites isolated from any constructive work, means of production and from the toiling mass of the people. To prevent and control them the people should come to the streets and pressurize the government to take positive steps on solving the basic problems of education, employment, price rise and over all economy and to form an effective mass surveillance and resistance against these brands of heinous terrorism which is fuelled by imperialism, Saudi Petro Dollar, the ruling classes of the sub-continent and their criminal – mafia apparatus.
